HZ056 USER MANUAL

Hygger zoo Reptile Heating Reflector

PRODUCT OVERVIEW

The Hygger Zoo Reptile Heating Reflector is designed for bearded dragons, turtles, chameleons, snakes, and more, creating the perfect natural basking spot for your pets. Engineered to provide concentrated heat and essential light, this heating reflector ensures your reptiles thrive in a comfortable, sun-like environment. It features a built-in hanging ring for reptile stands and a heat-resistant base that allows it to sit directly on mesh tank covers. Equipped with a high-temperature E26 ceramic socket, this heating reflector is compatible with E26/E27 bulbs, including halogens, incandescent, and ceramic heat emitters. Additionally, this reflector features an wireless-controlled dimmer and timer, allowing for effortless habitat management. Compact and flexible, easy to adjust, and perfect for any setup.

1. PRODUCT SPECIFICATIONS

Input Voltage: AC 120V 60Hz
Socket Type: E26 Ceramic Socket
Halogen Bulb: 50W
Color Temperature (Halogen Bulb): 2700K
Reflector Diameter: 4.5"
Max Wattage (Reflector): Supports up to 100W

2. PRODUCT FEATURES

1) **Integrated Dimmer & Timer & 24H Cycle:** Features 4 adjustable heating levels to customize intensity based on distance. The built-in timer offers 2/4/8-hour settings with a 24-hour memory cycle for effortless habitat management.

2) **Dual UVA Basking Bulbs:** Includes two 50W halogen lamps that provide essential UVA rays and concentrated heat, perfectly mimicking natural sunlight for your pet's health.

3) **Flexible Mounting Options:** Designed with a versatile built-in hanging ring for reptile stands and a heating reflector that sits securely on mesh tank lids.

3. INSTALLATION

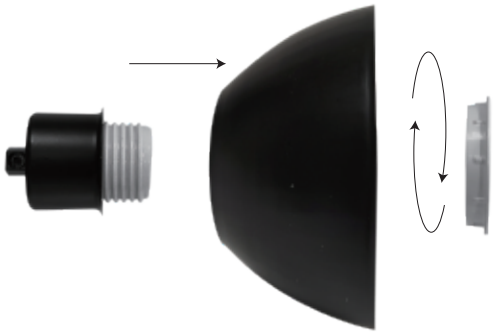
Part 1 Installation Precautions

1) Ensure that all preparatory operations are performed only when the power is disconnected.

2)Inspect the lamp for any damage.

Part 2 Installation Procedures

1) **Secure the Reflector:** Insert the reflector into the ceramic socket and tighten the threaded retaining ring clockwise to lock it in place.



2) **Install the Halogen Bulb:** Screw the halogen bulb clockwise into the socket until snug.

3) **Power On & Set:** Plug in the fixture, then adjust the heat level and timer settings to suit your pet's needs.

4.CONTROLLER INSTRUCTIONS

Indicator for timer (lighting duration): (2H、4H、8H)

Timer Setting Button
① Non-Cyclic Timer Mode: Press briefly to cycle between 2H/4H/8H durations.

② 24-Hour Cycle Timer Mode: Press briefly to cycle between 2H/4H/8H durations, then press and hold for 3 seconds until the indicator light flashes. The light will automatically turn on at the same time the next day and repeat this cycle daily.

Temperature & Brightness Adjustment Button (4 heating power levels):
Press the +/- buttons to adjust the light's heating power.

4 heating power levels: 25%、50%、75%、100%

ON/OFF Button

Timer Settings Instructions:

① **Standard Mode**
Press the ON/OFF button to set your desired brightness and temperature.
Note: The light will remain on until manually turned off. Avoid prolonged exposure to prevent pet dehydration or skin damage.

② **Non-Cyclic Timer Mode**
Example: Turn the light on (e.g., 10:00 AM). Briefly press the "Timer Setting Button" to select 8H.

The light will automatically turn off 8 hours later at 6:00 PM.

Note: The light will not turn on automatically the next day. You must manually turn it on daily.

③24-Hour Cycle Timer Mode

Example: Turn the light on (e.g., 10:00 AM). Briefly press the “Timer Setting Button” to select 8H.

Then press and hold for 3 seconds until the "8H" indicator flashes.

The light will run for 8 hours and turn off at 6:00 PM.

It will automatically turn on at 10:00 AM daily, run for 8 hours, and turn off at 6:00 PM. This cycle repeats automatically every 24 hours.

⚠ **Important:** Due to internal processing, a slight daily drift of a few seconds is normal. The light is not equipped with power-off memory. If power is interrupted, the 24-Hour Cycle Timer Mode will deactivate. You must reconfigure the settings once power is restored.

5. ATTENTIONS

1) Avoid contact with the reflector's hot surface during operation or immediately after power-off to prevent burns.

2) **Reflector Compatibility:** The included E26 ceramic socket supports various

E26/E27-base reptile lamps. It is compatible with LEDs; however, the dimming function will not work with LED bulbs. This reflector is not compatible with compact fluorescent (CFL) spiral bulbs.

3) **Keep out of Reach of Children:** Install the light fixture in a location inaccessible to children.

6. PACKING LIST

1x Reflector
2x Halogen bulb
1x User manual

7. DISPOSAL
