HZ047-90-45	4.2 in	36*18*18 in	50 gal
HZ047-90-57	7 in	36*18*23 in	67 gal
HZ047-120-45	4.2 in	48*18*18 in	67 gal
HZ047-120-57	7 in	48*18*23 in	89 gal

Note: The height of base is shown in the figure above.

2. PRODUCT FEATURES

1. **High-quality:** Premium aluminum alloy cylinder frame with excellent wear and corrosion resistance. The 5mm high-transparency tempered glass is sturdy, durable, and scratch-resistant. The ventilation mesh is spray-coated with high-temperature baked paint, providing rust-proof and heat-resistant properties.
2. **Full View Experience:** Ultra-clear tempered glass allows you to effortlessly view your beloved pets.
3. **Easy to Maintain:** The front-opening door design with handle, easy to open and close, convenient for cleaning and feeding.
4. **Wide Applicability:** Compatible with various reptile accessories and equipment. Suitable for diverse pet habitats, including aquatic, terrestrial, desert, and rainforest environments, as well as landscape design purposes.
5. **Safety and Reliable:** The front door with a knob lock can be opened separately to prevent pets from escaping. The silicone-sealed base enhances structural strength and waterproofing. The overall structure is sturdy and lightweight, easy to assemble and disassemble.

3. INSTRUCTIONS FOR INSTALLATION

Part 1 Ready to work

1) Ensure the operation is on packaging paper or cardboard to avoid glass damage.

2) Check the tank for any damage.

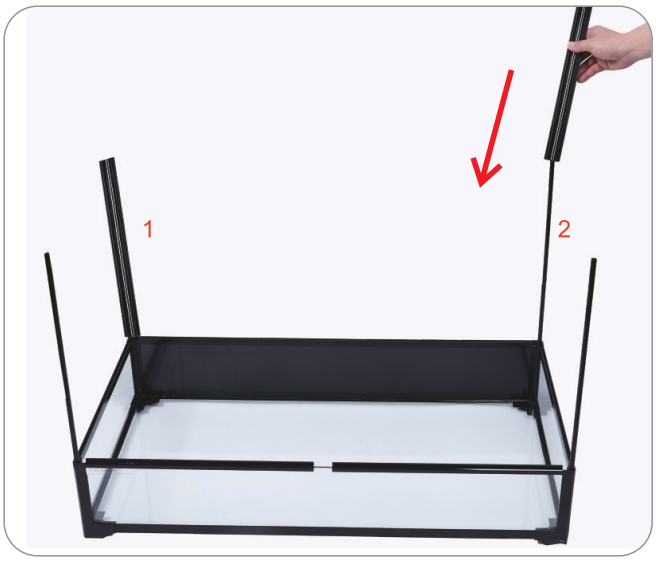

Part 2 Installation steps

1) Unpack and find the pre-built bottom frame (as shown).

2) Install the 4 connecting steel pipes with the 4 corners of the pre-built bottom frame and tighten them (as shown).

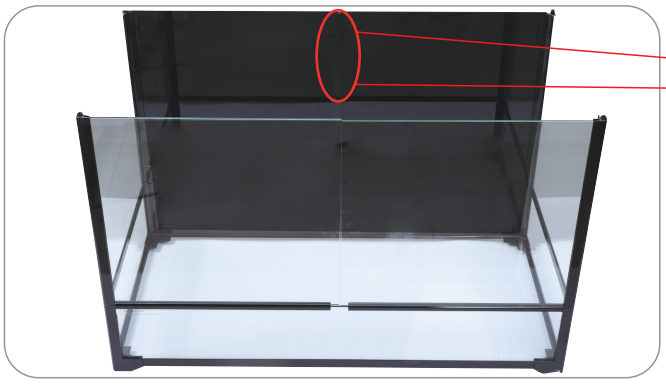

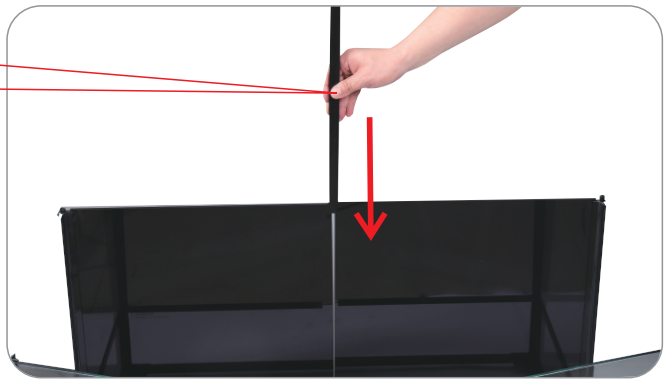

3) Install the two profiles at the back and insert them respectively onto the back connecting steel pipes.

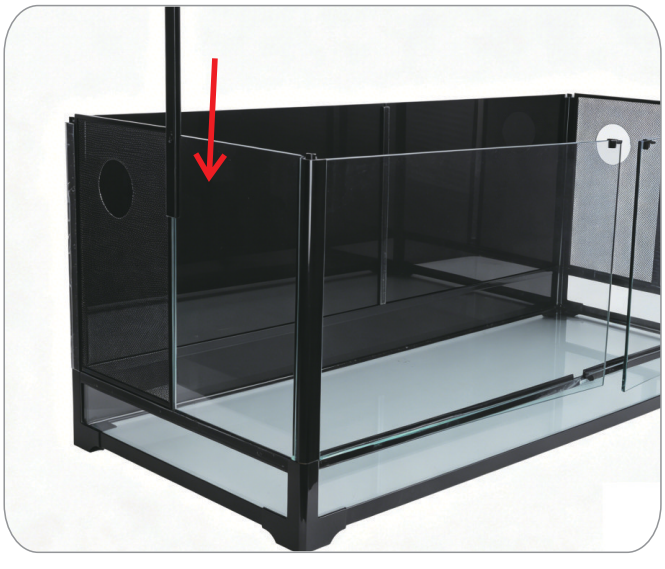

4) Install the glass doors and insert them respectively onto the front connecting steel pipes. (The pre-built bottom frame with knob lock is the front.) (as shown).

5) Install the back black glass panels and put them respectively into the profile slots, and secure them with the connecting profile (as shown).

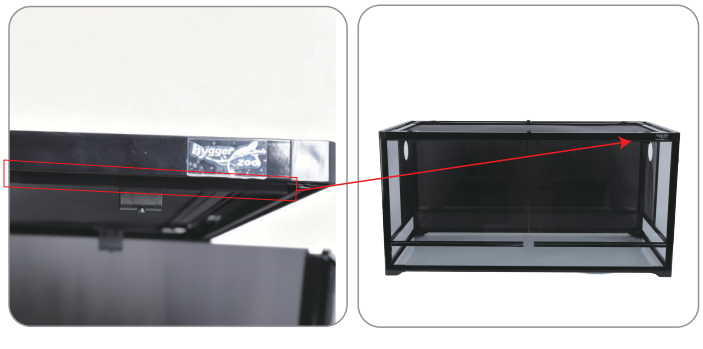

6) Install the left and right glass panels and mesh screen panels, insert them into the profile slots, and secure them with the connecting profile (as shown).

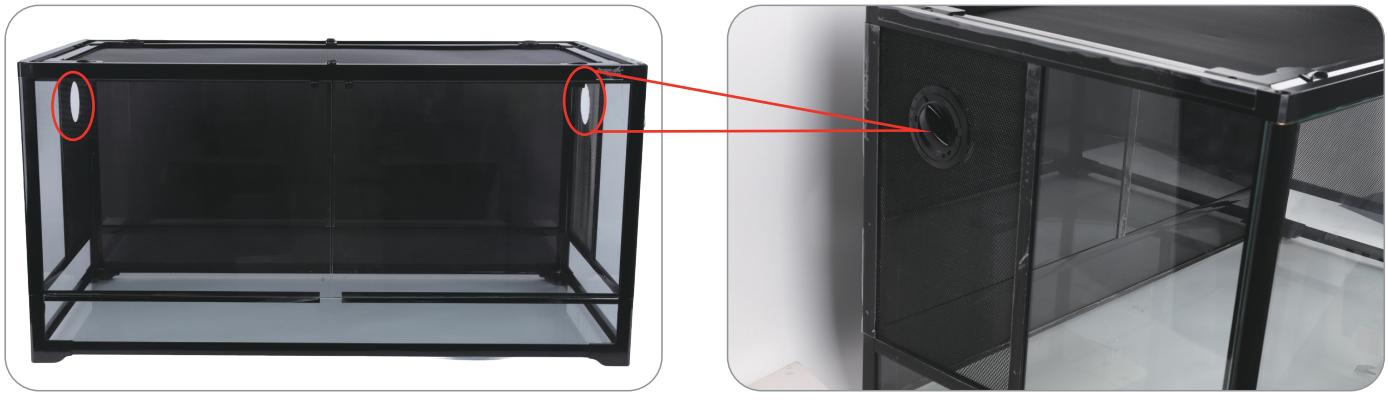

7) Install the top cover for the glass tank. (The raised edge on the top cover indicates the front, and must face the door opening direction.) (as shown)
